

Dream Time	27 + 3d
Identity	Summoned into robot in future
What	<ul style="list-style-type: none"> • Escaped Party • Then turned off
So What?	Someone insight into future technology right before AI came out
Stakeholder	Daniel → like the robot pointing up

Approach: In a future home next to a field being tended to by robots, I was summoned into a robot by a party of folks, and played 30 chess.

Formation:

Then, I left/escaped
 Approach an apartment complex
 Gave a speech about the Korar, Kebran Negast +
 Someone turned me (as a summoned robot) off

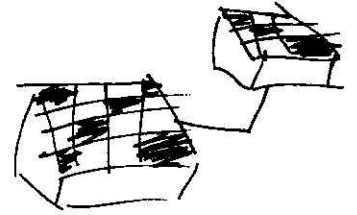

Dream #: 303

Execution:

I was summoned into a future robot at a party that wanted to talk to me about the past. We played a game of 3D chess.

I then escaped and saw a robot shearing corn fields. I then ran to the apartments and gave a speech to a bunch of people about the ancient texts. Someone came up behind me and turned me off.

Dream Time	27 + 3d
Identity	Space Base Flower Experience and EMP for bugs
What	<ul style="list-style-type: none"> • Experienced flower • EMP fendel off bugs
So What?	sort of an interesting thought of otherworldly realities in the future
Stakeholder	Daniel → War Brats

Approach: An L shaped bunker on a distant planet with a team.

Formation:

- flowers, games, art that defied laws of physics
- experienced flower
- 3D chess
- leave for vehicle
- EMP fendes of space bugs
- vehicle like parachute pulled underneath

Execution:

Our team entered the L shaped bunker. The art was bohemian, paisley... there were odd flowers and games that we were intrigued by. I engaged with a flower by pulling the stamen and experienced a rush like a drug/smelling salt. I then played 30 chess with someone.

We then were called to leave the place. We turned on the EMP - which fended off the huge space bugs - and entered a parachute type vehicles.
